

## About the Camp

The Knights Basketball Camp will provide area youth the opportunity for instruction in the fundamental skills of basketball. Campers will be immersed in the sport and given the focused, intensive training that is essential for improvement.

In addition to small group instruction, campers are provided the opportunity for individual instruction and skills work, coach challenge games, camper competitions, and daily camp games. Knights Basketball Camp stresses individual and small group skill instruction.

Campers will work on aspects of their game and leave Knights Camp with a greater appreciation for and understanding of the game.
